EXPERIENCE

April 2022 - present

Easital Technologies

Lead Software Engineer

- Led the development of web applications using **Laravel, Golang, PostgreSQL/MySQL**, adhering to coding standards and maintaining a **microservices architecture**.
- Implemented web crawling techniques that improved data collection efficiency, contributing to successful database construction for business insights.
- Streamlined development processes by configuring and utilizing **Git, AWS, and CI/CD pipelines**, leading to faster and more reliable deployments.

June 2020 - March 2022

Sheba Platform

Sr. Software Engineer (Team Lead)

- Developed web applications using **Laravel, VueJS, REST API, PostgreSQL/MySQL, AWS, and Docker**, while leading a team of backend developers.
- Built low-latency applications that served a large user base, showcasing scalability and significantly improving performance.
- Led a high-performing team, ensuring quality code delivery and optimizing both team productivity and application performance through effective leadership and technical guidance.

April 2018 - May 2020

Prochito ITS Ltd.

Software Engineer

- Developing web applications with **Laravel, VueJS, REST API, PostgreSQL/MySQL**.
- Develop production-level codes and maintain standard coding convention on PHP & JS

September 2017 - April 2018

Next IT Limited

Jr. Software Engineer

- Developing web applications with **C#, AngularJS, Web API, MSSQL /ORACLE/ MySQL**.
- Writing backend procedures for **SQL Server**. Making Microsoft **rdlc/ Crystal Reports**.

ACHIEVEMENTS

- **Champion** at 1st DIIT Code Fest2015, Daffodil Institute of IT. (Team Programming Contest)
- **RunnerUp** at Battle of Minds Programming Contest, University of Liberal Arts Bangladesh (ULAB).
- **3rd RunnerUp** at Intra University Math Olympiad, Daffodil International University2014.
- **Rank #42** at 8th ICT Fest, IUT2016
- **47th National Rank** @ ACMICPC2015 Asia Regional Dhaka Site. (International Collegiate Programming Contest)
- I was a **Problem setter** in Takeoffs Programming Contest, DIU.
- Named **Best Coder, Most Reliable Teammate & Engineer of the Year** in organizations where I worked.

TECHNICAL SKILLS

- **Programming Languages:** Go, PHP, JavaScript
- **Databases:** My SQL, SQL Server, PostgreSQL, MongoDB
- **DevOps:** Git, Jenkins, Docker, Kubernetes
- **Cloud Infrastructure:** AWS, GCP
